WASHING INSTRUCTIONS

Pendle kits are manufactured from top quality materials. All fabrics undergo stringent quality tests to ensure durability and washability. They will give many years of service if properly cared for.

Always follow washing instructions on the garment label.

Football Kits

First wash – Always wash shirts, shorts and socks separately to remove surface dye.

Avoid leaving kits folded or bundled together for any length of time whilst damp or soiled.

Remove excess mud and wash as soon as possible after use to avoid stains from setting.

Garments may discolour due to staining by substances such as mud, grass, petroleum jelly etc.... which may not entirely be removed by washing alone. Treat stains directly with a stain remover as soon as possible. Take care not use stain remover on transfers applied to the garment as this may effect the quality of the print. Some of the toughest stains may require more than one treatment.

Do not over load the washing machine and always wash light and dark colours separately.

Do not wash above the temperature stated on the garment label. (many items 40 degree C Synthetic wash.)

Do not use fabric softener.

If the garment can be tumble dried (see care label) always tumble dry Cool.

Never iron printed motifs.

Training Wear

Milano,Torino & Thermal's

Dirt on Milano Torino and Thermals should be wiped off with a damp cloth. These garments do not require regular washing which will remove the shower proofing. If necessary wash inside out, no hotter than 30 degrees C synthetic wash.

Do not use fabric softener.

Do not tumble dry.

Never iron printed motifs.

Sevilla, Bologna & Toldeo's

Wash inside out, no hotter than 30 degrees C synthetic wash.

If the garment can be tumble dried (see care label) always tumble dry Cool.

Do not use fabric softener.

Never iron printed motifs.
